Dear Parents and Students

It has come to our notice that certain allegations have been made against a teacher of our KK Nagar school in social media posts which was brought to our notice only on the night of 23 /05/ 21 .

We would like to make it clear that our school has always had a zero tolerance against any behaviour that adversely affects the physical, emotional and psychological well being of our students.

Contrary to what is mentioned in the social media posts the management has not come across any such complaints in the past.

We are deeply concerned about the information that has surfaced from last night. As a law abiding, student centric institution, we are taking suo motu notice of the allegations and are initiating all necessary steps to address the situation in a free, fair and transparent manner and as required by law .

We appeal to all concerned to await the outcome of the investigation and desist from undermining the reputation of the school .

The welfare of our students will always be our top priority. Stay Safe . Stay Healthy .
